REPUBLICAN EXCEEDED SPEED LIMIT ON EXPENDITURES.

LORIMER CASE UP AGAIN

The Illinois Senator Will Probably Be Ousted—Missouri Boy Winning High Honors at West Point.

(By VAN CLEVELAND.)

For the next few days this town will be given over to the Knights of Columbus. The unveiling ceremonies of the beautiful statue erected to the memory of Christopher Columbus begins tomorrow, and already there are thousands of knights pouring into the city from all sections of the country. They are expected from every state in the Union and from Canada and Mexico. A great auto parade will take place Friday afternoon and Saturday evening the city will be specially illuminated and the most elaborate display of fireworks ever given in the city will be set off.

The grim reaper is laying a heavy hand upon this congress. An unusually large number have been summoned to the desk of the Great Speaker in the congress of all nations. During the present week one member of the house and one member of the senate have died under rather tragic circumstances. Representative Hubbard of Iowa, after engaging in a vigorous campaign for a re-nomination, succeeded in winning the coveted prize Monday night. Tuesday morning he died from the reaction following the excitement and strain of the campaign. He was a popular member on the Republican side. A few days ago Senator Dixon of Nevada went to a local hospital to have a small growth removed from his nose. Blood poison followed and he died today. Senator Dixon was perhaps the wealthiest member of the senate. He began as a poor telegraph operator in the west, saved enough to buy a piece of land, sold the land for \$4,000, and with this small fortune interested some friends in the organization of a bank. The bank prospered, he became president, started a chain of banks, they all prospered, and he bought more land and staked some miners on a claim which developed into a wonderfully rich mine. When his wealth ran into the millions and further effort along that line ceased to amuse him, he came to the senate. One peculiar thing in this connection is that, although a Republican, he was elected by a Democratic legislature. The case was similar to that of Senator Chamberlain of Oregon. The people in a state primary named him as their choice for senator and elected a Democratic legislature. The legislature obeyed the will of the people. In Oregon the case was exactly the opposite politically. The people voted for Chamberlain, a Democrat, for the senate and elected a Republican legislature, and the legislature ratified the selection of the voters by electing Chamberlain to the senate.

The Lorimer case is up again in the senate and, unless brought to a speedy close by the resignation of the blonde senator from Illinois, will consume a couple more weeks of time. Mr. Lorimer has been at home sick for some time and has just returned to the senate. Senator Kern opened the argument against him yesterday and will resume tomorrow. He is making an argument that is making the Lorimer followers wince, and a tremendous effort is being made by his friends to induce him to resign and forestall his expulsion, which now seems practically certain. Recent polls of the senate are said to develop a hopeless case for him. This decided change of sentiment is not altogether due to new testimony in the recent investigation. The fact is that but little new evidence was developed, and the senator is much opposed to resigning, and has hurried back to defend himself. The

elections held, however, since last summer have recalled a number of Lorimer senators to private life. The latest head to fall under the guillotine of public condemnation was that of Shelby M. Cullom of Illinois. So many heads have fallen that those remaining who helped to keep Lorimer in before do not want to risk another vote. So the argument that is having weight now is that the fight is jeopardizing his friends and that all of them cannot be held in line. Several who have lost their political life do not care so much, but there are several who will have to ask for a reelection this fall that are extremely nervous over the situation.

It begins to look like the Hon. Theron Catlin, one of the Republican members of the house from St. Louis, will lose his seat. The place is being contested by Hon. Patrick Gill, and a curious state of affairs have been developed. It is not denied that an illegal amount of money was used in his election, but the claim is made that it was used without his knowledge or consent. Catlin is the son of the millionaire tobacco manufacturer of that name and, according to the story of Catlin's friends, the old gentleman thought it would be nice for his boy to go to congress. He, however, did not have much confidence in politicians generally, and he sought out a friend and told him to draw on him for all the funds necessary to insure the boy's election. It is conceded that \$10,000 was necessary to induce the good people to regard him as congressional timber, but they say that it was spent without the knowledge or consent of the young man and that he cannot therefore be held accountable. The laws of Missouri only permit the expenditure of about \$500 for both nomination and election for all sort of expenses, and there is a wide difference between that and the expenditure in the Catlin case. It is also pointed out that as young Catlin is a single man and lived at the home of his father, it is very improbable that he knew nothing of the campaign that was being made for him. The testimony is said to show, too, that the expenditures were grossly improper. The committees are taking a liberal view in all cases, and it is probable that other Republicans whose places are contested will be allowed to hold them, but the Catlin case is probably more than the membership can swallow.

Missourians generally hold their own in competition with all the world, a fact that is again demonstrated in the case of Elmer L. Woodside, a representative of the Fourth congressional district at West Point. Woodside has just been received that in making up the grades for the past year he stands sixth in his class, which is a very large one. He will graduate next year and his standing and scholarship reflect credit on himself and his district. His home is at St. Joseph.

TAFT GETS TWO MORE DELEGATES

President Taft gained two more votes Monday when the national committee, in session at Chicago, voted unanimously to give him the first Indiana district delegates being contested by Theodore Roosevelt. Taft so far has gained 74 delegates by the national committee. The case from Arizona, six delegates at large, and from the fourth district of California, two delegates, were postponed until Wednesday.

Is a Fine Piece of Road.

A party composed of Mr. and Mrs. G. B. Roseberry and daughter, and Mr. and Mrs. Arch Frank and daughter went to the home of Will B. Gex Sunday in Mr. Roseberry's car. Mr. Roseberry says that Mr. Gex has one of the best roads in the county, and that it is always in good condition. Mr. Gex keeps up about two miles of road around and near his farm. The Maryville party took dinner with Mr. Gex and his family, and other members of the dinner party being Mr. and Mrs. R. B. Gex and Mr. and Mrs. Will Mountjoy.

Mr. Bernay Misses Train.

Mr. Bernay missed his train on returning from St. Joseph and cannot reach Maryville until Monday evening. Those desiring to see him may see him at his office Tuesday.

Miss Claudine Hughes, daughter of Mr. and Mrs. W. R. Hughes, living northwest of Maryville, is spending the week in Maryville with Mrs. M. H. Borrusch.

THAT TIRED FEELING TO ELECT TEACHERS

GENERAL APATHY HAS OVERTAKEN REPUBLICANS IN STATE.

CLEAR FIELD FOR SENATE

No Candidate on Republican Ticket For Upper House of Legislature—Who Candidates Are.

Apathy among Republicans throughout the state respecting the November election, due no doubt to the general feeling that the Taft-Roosevelt scrap has ruined all chance of a party victory at the polls, is reflected in the candidacies filed at Jefferson City for nominations in the August primary.

A number of important offices have gone begging so far as Republican candidates are concerned, while in other instances a candidate was provided at the last minute.

The Republicans have no one to put forward for judge of the Kansas City court of appeals. No Republican was found to make the race for the state senate in seven out of eighteen districts which will elect in November. Democratic candidates have a clear field in the First senatorial district.

On the other hand, the Democratic ticket of men who aspire to nominations for various state offices is unusually complete, with all important offices with one exception contested by two or more candidates.

Republican Ticket.

BOARD OF REGENTS MEET IN ST. JOSEPH TUESDAY.

TO HAVE FOUR BALL CLUBS

Great Interest Taken in Athletics—Enrollment of 443 and Expected to Reach 500.

The board of regents of the Normal school will meet at the Robidoux hotel in St. Joseph on Tuesday, this being their annual meeting. They will select teachers for the year, commencing on September 1. It is thought that not many changes will be made in the faculty.

The enrollment of the school to date is 443, nearly 100 more than was here last year. It is expected that the enrollment will nearly reach the 500 mark.

The school has been very successful during the past year.

Four inter-school base ball teams will be organized at the school this afternoon. Over forty young men responded to the call of organizing a base ball team Monday morning, and it is hoped that some good material will be developed. A tournament will be played between the four teams.

A social is to be given to the students of the school on Friday evening at President Taylor's home. The reception is to be given by the faculty, Miss Hettie Anthony being chairman of the committee.

A CONVINCING SERMON.

Rev. Claude John Miller Preached an Interesting Sermon Last Evening—“Is There a God?”

A good sized audience turned out last evening and the auditorium of the First Christian church was well filled with an interested and attentive congregation, when the pastor, Rev. Claude John Miller, took for his subject “Is There a God?” The Rev. Mr. Miller said in part:

“The Psalmist said that the fool has said there is no God.

“It is the endeavor of the infidel to poison the minds of all with whom he comes in contact with his argument that there is no God.

“We will close the Bible for a few minutes and try and prove there is a God. I believe we can, although the Bible affirms beyond doubt there is a God.

“Let us deal with the atheist tonight—the man who says there is no God.

“The atheist says: ‘There is no God, because I cannot see, hear, handle or touch Him.’ This is his belief in substance.

“A man is made up of emotion and will.

“The atheist argues the mind came from dead matter. How can intelligence, reason, judgment, etc., come from the dead matter?

“The atheist has to explain to me when he says there is no God the origin of life.

“Can you explain to me the existence of this great universe of our without the existence of a God?

“The atheist accounts for our origin sometimes. He says our being came from the monkey or ape. He that makes this assertion is at liberty to do so, but I think all my hearers this evening would not care for the kinship.

“The tendency of all mankind without a Christian training is to retrograde.

“Science states its history as we find it in the book of Genesis.

“Atheism gives us nothing. It sends us to a worthless grave.

“You cannot get away from the existence of a personal God. Science teaches us this.

“You cannot get away from God. He is eternal. Go into the depths of the earth and he is there; to the bottom of the sea, He is there also. He is everywhere—always present.

“God wants us to know Him; to find Him. He wants us to come and talk to Him; to read our hearts to Him; to trust in Him, and when our journey of life is ended here below we will go to dwell with Him in His kingdom among the redeemed, world without end.”

At the morning service Mrs. F. P. Robinson, sang a solo entitled “Abide With Him.”

Before the sermon Mrs. Pearl Hutchinson Shrader of Spokane, Wash., who is visiting her brother, Mr. W. J. Hutchinson, on South Main street, sang a solo. Mrs. Shrader has a pleasing personality and a rich soprano voice.

GAVE HIM A SHOWER.

Cooper Gooden Received Many Post Cards on His Seventy-Second Birthday Sunday.

Cooper Gooden was 72 years old on Sunday, and his many friends gave him a post card shower. Mr. Gooden said that instead of being 72 years old he was 72 years young. He is a very active man and is enjoying good health. He asked The Democrat-Forum to publish the following statement, thanking his friends for the many kindly expressions received:

“To my many friends who remembered me with a post card shower on the seventy-second anniversary of my birth, June 9th, 1912, I wish to thank you with all my heart for the many kindly expressions. But few thoughts in life give me more pleasure than to know that my friends still survive the pale sheeted nation of the dead, and that I am not forgotten by them. We sometimes rise with the billow, sometimes we are caught in the trough of the sea of time, and perhaps too soon the tide will recede and leave us stranded upon the shores of forgetfulness.

“Permit me to wish that you all may live long and enjoy the fruits of your labor is the sincere wish of your friend.”

ENTIRE FAMILY WERE MURDERED

A dispatch from Villisca, Ia., today states that six persons were killed some time during the night Sunday. The persons murdered were Mr. and Mrs. Joseph Moore and two children and two women, who made their home there. The weapon used was an axe, and the dispatch said they were all killed in bed. The axe was still in the house, covered with blood. Moore was a hardware merchant of Villisca. No clues had been found up to Monday noon, but officers are busy working around Villisca and community, and are on the lookout for suspicious characters.

DEATHS AND BIRTHS REPORT.

Polk Township Had 12 Deaths and 14 Births During the Month of May.

During the month of May there were more births in Polk township than deaths, according to the report of Dr. F. R. Anthony, who is keeping the record for this township. There were 14 births and 12 deaths in the township. But Maryville had more deaths than births, there being 11 deaths in the city and only 9 births. Outside of Maryville and in the township there was 1 death and 5 births.

Famous Clairvoyant and Astrologer Here

Bernay of St. Louis is for One Week Only at 201 Fourth Street, Corner of Buchanan.

Prof. Bernay is the Clairvoyant who located J. W. Graham of St. Joseph, a young man, who had been missing two years. Mrs. Graham, the mother, consulted Mr. Bernay, who while in a clairvoyant condition stated that the man was an enlisted sailor on the Battleship Kearsarge and that he would be found there. Telegraphic inquiry confirmed the prediction.

Mr. Julius Daniel of Joplin is now a wealthy mine owner, but 2 years ago was working in a mine at \$3.00 a day in that city. By mere accident he met Mr. Bernay, who pointed out an opportunity to him. Mr. Daniel acted upon the advice with the result that, as he writes in a letter of thanks to Mr. Bernay, “It started me on the road to success and in ten months was worth \$18,000.00 to me.”

Miss F. D. of St. Joseph consulted with Bernay after circumstances had broken up a dear friendship between her and a prominent young professional man. In two weeks time through the clairvoyant's advice and help the trouble was settled and the friendship renewed with marriage as a near result.

John Emerson, a prosperous farmer living near Springfield, had buried his money in his backyard, having no faith in banks. He died on April 21, 1910, suddenly without having time to tell the family about this. When no money was found, a son consulted with Mr. Bernay and this resulted in the recovery of \$4,200.00 and valuable papers.

Without asking a single question of his caller, Bernay reveals every important event in his client's life even to the meaning of them in full, showing them how to attain the success they desire in business, investments, speculation, love, courtship, marriage, divorce, lost or absent friends, lawsuits, fortunes, money affairs, health, wills, deeds or anything they may be in doubt about and all be assured of the proper advice and help.

Mr. Bernay may be consulted daily (except Sunday) from 10 a. m. to 9 p. m. His charges for consultation are reduced for the first 3 days to 50 cents and \$1.00. Everything strictly confidential.

ANSWER IT HONESTLY.

Are the Statements of Maryville Citizens Not More Reliable Than Those of Utter Strangers?

This is a vital question. It is fraught with interest to Maryville.

It permits of only one answer. It cannot be evaded or ignored. A Maryville citizen speaks here; Speaks for the welfare of Maryville. A citizen's statement is reliable. An utter stranger's doubtful. Home proof is the best proof.

June Bride-to-Be Surprised.

Friday evening, when Mrs. Charles Gaugh "called over the fence" and asked her neighbor, Miss Georgia Custer, to come over to her house a minute, that same neighbor did not even dream that she would be immediately surrounded by all the neighbors of "Vinegar Hill," who had watched her love affairs and other youthful troubles from the time of her short frocks and pigtail braids. Mrs. Gaugh and her cosy home will long remain a pleasing picture to all who were there Friday night. After Miss Georgia had "calmed down" a little she was handed a bunch of very valuable information from each of the "has been" brides of Vinegar Hill. On a paper given her was pasted some advertisements, then a list of the things those old brides thought best for the new bride-to-be to order for her first day's housekeeping. If she follows all the good advice she received she will surely have smooth sailing down the

stream of matrimony. After this dominoes were enjoyed, but just as the game was "waxing warm" Mrs. Gaugh sent all the brides into the parlor, the one-to-be seated in the center of the circle they formed, and then she followed them in with a big clothes basket full of tin things, a shower for the honor guest. Much pleasure was derived from reading the loving wishes attached to each gift, and there were no two-pieces alike. And when Miss Georgia unwrapped a cake tin, only one bride had the courage to request her to send her a piece of the first cake she baked. Mrs. Gaugh served lovely refreshments and all went home in the rain, happy and laughing even, and wishing Miss Georgia all the happiness she is anticipating.

Gifts for Bride at Auction.

The miscellaneous bridal shower for Miss Georgia Custer Saturday night, given by Mrs. Frank L. Garrett at her home, 301 East Third street, had a novel feature, in that the guests were each given bags containing 100 beans each, which counted as so many dollars in purchasing gifts for the bride-to-be at auction. Miss Golda Airy acted as the auctioneer to perfection. After a most exciting time, in which the bidders forgot themselves and the amount to which each was limited in purchasing a gift for their friend, their bids running into the thousands and millions of dollars—the auction came to an end with every one of the bidders in debt for ages to come, and all they hope to have in the meantime mortgaged. But they don't care—their bride is well provided for, and it isn't the first time somebody has gone broke for a bride. Each package was undone by her and the many good messages in them read in their presence. This part of the evening was its close. The company had spent the greater part of the evening playing hearts, Miss Lena Nixon winning the prize. The hostess, assisted by Miss Jennie Garrett and Miss Anna Dooley, served a dainty two-course luncheon. On cutting the bride's cake, which contained several omens of good, Miss Della Grems found the ring, Miss Stella Smith the button, Miss Jennie Garrett the needle and Miss Gertrude Condon the thimble. Those present were Miss Georgia Custer, Miss Lena Nixon, Miss Jessie Mutz, Miss Della Bonewitz, Miss Nellie Hudson, Miss Grace Langan, Miss Gertrude Condon, Miss Della Grems, Miss Stella Smith, Miss Golda Airy, Miss Anna Dooley, Miss Eva Duncan, Miss Carrie Hopkins, Miss Jennie Garrett, Miss Nora Ritzke.

Will Study American Music.

At the meeting of the music department of the Twentieth Century club held at 10 o'clock Monday morning with Mrs. Ferdinand Townsend, the department decided unanimously to study American music the coming year. A committee composed of Mrs. Townsend, Mrs. D. J. Thomas, Mrs. E. G. Orenar and Miss Anna Nash was selected to arrange a course of study. The officers of the new department are Mrs. Ferdinand Townsend, chairman; Mrs. T. L. Wilderman, vice chairman; Miss Brownie Toel, secretary-treasurer.

ENGINEER STREET COMING.

Is Expected to Be in Maryville Tuesday For Conference With Board of Public Works.

E. L. Street of Lawrence, Kan., engineer of the City Water company is expected to be in Maryville on Tuesday, according to a recent letter written. The purpose of Mr. Street's visit at this time is for a conference with the board of public works in regard to the value of the water plant. It is understood that Mr. Street is to go over every item in the plant and show to the board that the value they have placed on it is fair and reasonable. The price they want is \$54,000.

Mrs. Rebecca Gray had a number of out-of-town guests Sunday at her home, on South Main street. W. H. Wright and family, H. O. Gray and family and H. O. Roof of Parnell and Mr. and Mrs. J. F. Douglas of Bedison drove to Maryville in their automobiles Sunday morning. Mr. and Mrs. J. B. Swearingen of Omaha were also Sunday guests at the Gray home.

Miss Rose Frazee went to Barnard Saturday evening to visit Mrs. Claude Roelofson.

OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed.

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost everyone knows the value of such a combination for keeping the hair a good even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a Hair Tonic of this kind was to make it in the home, which was troublesome and not always satisfactory. Now, days, almost any up-to-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for scalp troubles and thin, weak hair that is losing its color or coming out. After using this remedy for a few days, you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair.

Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and see what a few days' treatment will do for you. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

THREE VOLCANOES ARE IN ERUPTION

Cook Inlet Country, in Alaska Covered With Ashes.

WERE REGARDED AS EXTINCT

All Wireless Communication Disturbed by Electrical Conditions—Hot Ashes Carried 700 Miles.

Reward, Alaska, June 10.—Three slumbering volcanoes in the Aleutian mountain range of Alaska suddenly have come to life, and are throwing out great quantities of smoke and hot ashes. The awakened peaks are Ilimna and Redoubt, in the Cook Inlet country, and Katmai, which overlooks Shelikof strait. It is likely that Bogoslof, Shishaldin and Pavloff which are active volcanoes, and much farther west, are also spouting flames.

The mail steamship Dora, plying to points along the Alaska Peninsula and Kodiak Island, reported that Mount Katmai's outbreak is terrible in its violence. Deafening explosions occur at short intervals, and the surrounding country is covered with three or four feet of ashes.

Katmai has always been regarded as extinct. The natives have no tradition of any former activity of the mountain.

Wireless Not Working.
The wireless station at Kodiak is out of commission, as is also the Dora's equipment, and in fact all the wireless instruments in Alaska, because of electric conditions in the atmosphere.

Mount Ilimna is more than 12,000 feet high and the red sky above its blazing crater is visible seaward for 100 miles distant.

The efforts of the mountains to clear the debris from their clogged craters caused convulsions which were recorded in Washington, D. C., and very plainly in Seattle.

Revenue Cutters to Go.

Seattle, Wash., June 10.—The cable dispatches report St. Augustine, as well as Ilimna and Redoubt, volcanoes, are in eruption on the west shore of Cook Inlet, Alaska. Revenue cutters will be asked to go to the relief of the people in the volcano districts.

Ashes 700 Miles Away.

Sitka, Alaska, June 10.—Ashes from the Aleutian range volcanoes began to fall here and the sunshine was discolored through the cinders. Sitka is 700 miles from the volcanoes.

The volcanic disturbance is the most violent ever recorded in Alaska. It is estimated that an area of 300 square miles, much of it fertile territory, has been covered to a depth of several inches by the volcanic ash.

CASE AGAINST DARROW IS WEAK

Prosecutor Not Confident of Conviction—Will Push Other Charges.

Los Angeles, Cal., June 10.—Obviously annoyed by the course of events in the trial of Clarence S. Darrow for alleged jury bribery in the McNamara case, John D. Fredericks, district attorney, let fall a hint during the afternoon that the state was not now so confident of conviction in the present case. He made a statement to the effect that if a verdict of guilty was not obtained in this trial the prosecution would be continued on further charges.

The district attorney has made no secret of his dissatisfaction with the manner in which the present trial has been progressing. He intimated in open court that the defense was being given more latitude in its conduct of the case than was provided for by the rules of evidence.

KANSAS NEEDS 25,000 WORKERS

This Number Wanted From Other States to Take Care of Immense Wheat Crop.

Topeka, June 10.—Kansas can use more than 25,000 men and teams to help in its harvest. This is the number that will have to be imported from other states to help Kansas take care of its 90,000,000-bushel crop, according to Charles Harris, director of the state free employment bureau.

The harvest will begin in southern Kansas about June 20, and will continue a month and then the threshing season will open and the men will be kept busy in Kansas for about four months.

Injured After Saving Seven.

Chicago, June 10.—Patrolman Nicholas Gales and Fred Schreck were injured severely in jumping from the second floor of a burning building on the West Side after they had risked their lives in rescuing Mary Boradi, 71 years old, and six children.

May be Another Contest?

Decatur, Ala., June 10.—Progressive Republicans of the eighth Alabama congressional district held a convention here and gave "ironclad" instructions for Roosevelt to delegates at the Chicago national convention.

GIRLS HELP STREET CAR MEN

STUDENTS IN SYMPATHY WITH BOSTON STRIKERS.

Violence in But Few Places—Eighty Per Cent of Men Are Out—Officials Man Cars.

Boston, June 10.—Wellesley college students to the number of 100 young women agreed not to ride on the elevated railway cars when they visit Boston and the money thus saved will be given to the strike fund. The girls will wear a button bearing the words, "Brothers All," "Hands Across the Tracks" and "We Walk to Help Organize the Car Men."

The day was one of comparative quiet in the Boston Elevated railway strike situation and the company attempted to keep up an all-night service.

Some minor acts of violence in various sections were reported during the night. In South Boston, a gang took a motorman and conductor from a car and handled them roughly. In Roxbury rocks were thrown at an elevated train and windows smashed, but no one was injured. Usually two officers were to be found on all cars running either on the surface, underground or the elevated structure.

Union officials busied themselves during the day in perfecting their organization and making plans for a continuance of the strike. William D. Mahon, international president of the Amalgamated Association of Street Railway Employees; National Organizer Fred Fay and other union officers, made a tour of the city and addressed meetings of strikers in various divisions.

The men were urged to remain loyal, use persuasion and not to resort to force or lawlessness.

Eighty per cent of the elevated company's employees have gone out. Cars are being run by division superintendents, starters, car barn bosses and strike breakers.

MOTORISTS MUST PAY DAMAGES

Kansas Supreme Court Allows "Smart Money in Addition Because of Carelessness."

Topeka, June 10.—Careless motor drivers in Kansas who run over pedestrians are liable for "smart" money as well as for actual damages, under the rule of law as laid down by the supreme court.

Margaret Williams was run over by a car driven by Peter Benson at Concordia at the county fair in the fall of 1909.

She brought suit against Benson and recovered judgment for \$3,000 in actual damages and \$250 in punitive damages. Benson appealed on the ground that there is no basis for the award of punitive damages.

The supreme court holds that the accident was due to the fact that Benson was watching the races instead of where he was driving and says: "The findings and evidence show such gross negligence on the part of the defendant as in our opinion sustains the allowance of 'smart' money."

MUST STOP SHIPPING LIQUOR

Midland Valley Enjoined From Carrying Suspicious Baggage Into Oklahoma.

Muskogee, Ok., June 10.—An injunction was obtained by county officials against the Midland Valley railroad enjoining it from carrying liquor into this county.

The complaint alleges a conspiracy on the part of the railroad to bring in liquor contrary to law and the restraining order prohibits the use of trains, tracks, depots, cars, sheds or any other property of the road for storing or transporting liquor. It also restrains the railroad company from accepting for shipment baggage, grips, suitcases, bags or sacks or any other receptacle that might contain liquor. The Midland Valley runs out of Fort Smith, Ark., the principal liquor supply point for eastern Oklahoma.

BOYS TOOK A \$1,000 JOY RIDE

Two Topeka Youths Must Pay That Amount for Damage to "Borrowed" Machine.

Topeka, June 10.—Phillip Billard and A. C. Longren, Topeka boys, must pay Lee Monroe \$1,000 for the damage done his motor car in a joy ride they took in the machine without the owner's permission, according to the decision of the supreme court. The decision affirms the verdict of the Shawnee county district court. Billard appealed from the lower court, but the supreme court held that, although Billard was not driving the car, he was accessory with the others in the damage done to the Monroe car.

Dynamite Up in Kites.

Guthrie, Ok., June 10.—Charles Phillips, a telephone man of Guymon, will experiment with dynamite to make it rain in that section. He will use box kites to carry the dynamite into the clouds that he desires to break up, using several kites, each with explosives attached.

Two French Airmen Killed.

Mourmelon, France, June 10.—Kimmerling, one of the best known aviators, and an engineer, Tonnell, who was flying with him as a passenger, were instantly killed by a fall of 300 feet. Kimmerling was trying out a new monoplane.

WARSHIPS GO TO HAVANA

Admiral Osterhaus, With Two Cruisers Left Under Hurry Orders.

RACE WAR THREATENED IN CITY

Minister Beaupre Sent Alarming Cablegram—Riot, Subdued by Rain, Caused General Alarm.

Washington, June 10.—Admiral Hugo Osterhaus, commander-in-chief of the Atlantic fleet, has been ordered to Havana with the armored cruiser Washington and one other warship. He will proceed immediately from Key West with both vessels.

Orders for the dispatch of these two vessels to Havana were given by the navy department in response to a request from the secretary of state following the receipt of an alarming cablegram from Minister Beaupre at Havana. This is because the situation at Havana and its suburbs has been growing rapidly worse and has now assumed the character of a race war.

Gave Rush Sailing Orders.

As soon as the dispatch was received the state department got into touch with the navy department, with the result that Secretary Meyer, who was asked by the secretary of state to send two warships to Havana, directed Admiral Vreeland, aid for operations, to have these vessels sent forthwith. Admiral Vreeland said that the department had sent dispatches to Admiral Osterhaus at Key West, directing him to go in person with the armored cruiser Washington and another vessel, he to make the selection of the accompanying vessel.

Rain Prevented Rioting.

Havana, June 10.—A deluge of rain, which began in the morning and threatened to continue all night, relieved the city of Havana of the dreaded peril of an uprising of the whites against the negroes. The streets of the capital late in the evening were deserted save for patrols of mounted rurales, regular infantry, the police and home guards.

The riot while extending to all parts of the city and causing general excitement and alarm, resulted in few casualties. One white onlooker was fatally wounded and several negroes were injured. The disturbance lasted only a short time, but was considered serious as indicative of the bitter animosity of whites towards the negroes, which has been largely fomented by reports of attacks upon white women.

HALF A MILLION IN THIS WILL

Kansas's Estate Divided Between Four Daughters and Two Sons—\$12,000 to Charity.

Emporia, Kan., June 10.—The will of the late L. W. Lewis disposing of property whose estimated valuation is \$500,000 was filed in the Lyon county probate court. Much of the property is in real estate and crusher equipment. The estate is divided among the four daughters and two sons of Mr. Lewis, with the exception of \$12,500, which is given to charity. Of this amount the College of Emporia receives \$6,500, which is held on a mortgage note.

The entire contracting business is given to the two sons, L. H. Lewis and W. J. Lewis. That includes the crusher plants located near Florence and Augusta, Kan., at Uncas, Ok., and at Vaughn and Bluewater, N. M. It also covers all pending contract business.

IOLA HAS REAL PURITAN SUNDAY

Tobacco Sales in Any Form Prohibited and Doctors Refused to Prescribe the Weed.

Iola, Kan., June 10.—A tight "lid" on the sales of tobacco in any form caused suffering among the inveterate users of that article here. Physicians were besieged to furnish prescriptions calling for a limited amount of tobacco. Fearing an infraction of the law, the doctors declined to serve patients with the tabooed article. Though public warning was given that all tobacco stores would be closed, many neglected to buy cigars or plug. The dealers will retaliate by asking warrants for ice cream men and druggists.

Hamel Wins Aerial Derby.

London, June 10.—Because the judges declared he cut the corners, Thomas Sopwith, first aviator in the aerial derby over London, was disqualified and George Hamel, who came in second, was declared winner of the gold cup. The race covered an 81-mile course over the city's limits, and there were seven entrants.

Alton Train Wrecked.

Bloomington, Ill., June 10.—The mail and baggage cars, smoker and one coach of the Chicago & Alton limited, southbound, went in the ditch seven miles south of Bloomington and, although the train was going 40 miles an hour and the cars landed on their sides, there were no deaths and no severe injuries.

CLEARED UP A KANSAS MURDER

Fleener and Bundy Convicted of Killing John Woodruff Near Erie.

PROSECUTOR REFUSED TO ACT

Arrests Made at Order of Attorney General Dawson, Over Protest of County Attorney Smith.

Erie, Kan., June 10.—The mystery of the killing of John Woodruff, a young farmer who lived near Savonburg, was solved by a jury in the Neosho county district court here about midnight when the jurors returned verdicts of guilty against Charles Fleener and George Bundy. They were arrested two weeks ago over the protest of County Attorney Smith and by order of Attorney General John S. Dawson, and charged with the crime.

Bundy was found guilty of manslaughter in the first degree and Fleener in the fourth degree.

John Woodruff was killed Sunday, September 17, 1911. Late in the afternoon, Bundy, Fleener and Woodruff started to drive to a creek near Savonburg. Bundy and Fleener were driving ahead and Woodruff was following in his spring wagon.

Told Story of Suicide.

According to the story told by Bundy and Fleener, they heard two pistol shots and looked back to see Woodruff writhing upon the roadside and crying out that he had shot himself.

Instead of notifying someone of the shooting, however, they took the injured man on down to the creek and laid him among some tall weeds by the bridge. They remained there with him until a farmer, passing over the bridge and observing Woodruff's wounds and pallid face, warned Bundy and Fleener of the victim's dangerous condition. The men then hastened the wounded man to his home, but he died before he could be taken into the house.

The coroner's jury returned a verdict exonerating Bundy and Fleener upon their statement as to how the shooting occurred.

Parents Kept up Search.

Cornelius Woodruff, the father, employed an attorney and for six months detectives conducted a quiet inquiry. Then they demanded that County Attorney Smith issue warrants for the accused men. Smith declined, saying he was satisfied that the death was suicide.

Then Oyler went to Topeka and submitted his evidence to Attorney General Dawson, who recommended to Gov. Stubbs that action against the two be commenced at once.

PRISON FOOD CAUSED PROTEST

Demonstration by 1,200 Men at San Quentin Started Warden and Guards.

San Quentin, Cal., June 10.—A demonstration which was interpreted as a protest against prison food, occurred in the general mess hall of San Quentin penitentiary at noon. The state prison board, which has been in session for two days, was startled by the sudden shrieks and howls of 1,200 convicts, who braved the wrath of their guards to make the place a bedlam for 15 minutes.

A continuation of the "grub strike" demonstration developed into a riot in the general mess hall as a result of which one prisoner was shot and killed and two were wounded.

Warden Hoyle attributed the mess hall disturbance to about a dozen of the unruly element among the prisoners.

As must have been known to the prisoners, one of the tasks on which the prison board is now engaged is the letting of contracts for prison supplies for the year.

What a Paper Said About M. E. Ford. The following is an article taken from the Rock Port Journal about Attorney M. E. Ford of Maryville:

Among other out-of-town visitors at circuit court this week has been Hon. M. E. Ford of Maryville, one of the ablest members of the Nodaway county bar. He was here representing some mercantile firm in a suit against J. E. Bilby. Mr. Ford was one of the attorneys in the celebrated Rasco murder case, and took a leading part in the prosecution, both in the circuit and supreme courts. Judge Ellison says his speech before the jury in that trial was one of the most effective and eloquent specimens of forensic oratory that he ever heard. This was the speech which, at its close, provoked a storm of applause from the entire audience, calling for a prompt and vigorous checking on the part of the presiding judge. Mr. Ford came Tuesday morning for the case in which he is interested.

A marriage license was issued Friday evening to Mark M. McNulty and Miss Nina Eugenia Toel of Conception Junction. Miss Toel is a daughter of Mr. and Mrs. Henry Toel of the Junction.

LORIMER CASE UP AGAIN

The Illinois Senator Will Probably Be Ousted—Missouri Boy Winning High Honors at West Point.

(By VAN CLEVEL)

For the next few days this town will be given over to the Knights of Columbus. The unveiling ceremonies of the beautiful statue erected to the memory of Christopher Columbus begins tomorrow, and already there are thousands of knights pouring into the city from all sections of the country. They are expected from every state in the Union and from Canada and Mexico. A great auto parade will take place Friday afternoon and Saturday evening the city will be specially illuminated and the most elaborate display of fireworks ever given in the city will be set off.

The grim reaper is laying a heavy hand upon this congress. An unusually large number have been summoned to the desk of the Great Speaker in the congress of all nations. During the present week one member of the house and one member of the senate have died under rather tragic circumstances. Representative Hubbard of Iowa, after engaging in a vigorous campaign for a re-nomination, succeeded in winning the coveted prize Monday night. Tuesday morning he died from the reaction following the excitement and strain of the campaign. He was a popular member on the Republican side. A few days ago Senator Dixon of Nevada went to a local hospital to have a small growth removed from his nose. Blood poison followed and he died today. Senator Dixon was perhaps the wealthiest member of the senate. He began as a poor telegraph operator in the west, saved enough to buy a piece of land, sold the land for \$4,000, and with this small fortune interested some friends in the organization of a bank. The bank prospered, he became president, started a chain of banks, they all prospered, and he bought more land and staked some miners on a claim which developed into a wonderfully rich mine. When his wealth ran into the millions and further effort along that line ceased to amuse him, he came to the senate. One peculiar thing in this connection is that, although a Republican, he was elected by a Democratic legislature. The case was similar to that of Senator Chamberlain of Oregon. The people in a state primary named him as their choice for senator and elected a Democratic legislature. The legislature obeyed the will of the people. In Oregon the case was exactly the opposite politically. The people voted for Chamberlain, a Democrat, for the senate and elected a Republican legislature, and the legislature ratified the selection of the voters by electing Chamberlain to the senate.

elections held, however, since last summer have recalled a number of Lorimer senators to private life. The latest head to fall under the guillotine of public condemnation was that of Shelby M. Cullom of Illinois. So many heads have fallen that those remaining who helped to keep Lorimer in before do not want to risk another vote. So the argument that is having weight now is that the fight is jeopardizing his friends and that all of them cannot be held in line. Several who have lost their political life do not care so much, but there are several who will have to ask for a reelection this fall that are extremely nervous over the situation.

It begins to look like the Hon. Theron Catlin, one of the Republican members of the house from St. Louis, will lose his seat. The place is being contested by Hon. Patrick Gill, and a curious state of affairs have been developed. It is not denied that an illegal amount of money was used in his election, but the claim is made that it was used without his knowledge or consent. Catlin is the son of the millionaire tobacco manufacturer of that name and, according to the story of Catlin's friends, the old gentleman thought it would be nice for his boy to go to congress. He, however, did not have much confidence in politicians generally, and he sought out a friend and told him to draw on him for all the funds necessary to insure the boy's election. It is conceded that \$10,000 was necessary to induce the good people to regard him as congressional timber, but they say that it was spent without the knowledge or consent of the young man and that he cannot therefore be held accountable. The laws of Missouri only permit the expenditure of about \$500 for both nomination and election for all sort of expenses, and there is a wide difference between that and the expenditure in the Catlin case. It is also pointed out that as young Catlin is a single man and lived at the home of his father, it is very improbable that he knew nothing of the campaign that was being made for him. The testimony is said to show, too, that the expenditures were grossly improper. The committees are taking a liberal view in all cases, and it is probable that other Republicans whose places are contested will be allowed to hold them, but the Catlin case is probably more than the membership can swallow.

Missourians generally hold their own in competition with all the world, a fact that is again demonstrated in the case of Elmer L. Woodside, a representative of the Fourth congressional district at West Point. Woodside has just been received that in making up the grades for the past year he stands sixth in his class, which is a very large one. He will graduate next year and his standing and scholarship reflect credit on himself and his district. His home is at St. Joseph.

TAFT GETS TWO MORE DELEGATES

President Taft gained two more votes Monday when the national committee, in session at Chicago, voted unanimously to give him the first Indiana district delegates being contested by Theodore Roosevelt. Taft so far has gained 74 delegates by the national committee. The case from Arizona, six delegates at large, and from the fourth district of California, two delegates, were postponed until Wednesday.

Is a Fine Piece of Road.

A party composed of Mr. and Mrs. G. B. Roseberry and daughter, and Mr. and Mrs. Arch Frank and daughter went to the home of Will B. Gex Sunday in Mr. Roseberry's car. Mr. Roseberry says that Mr. Gex has one of the best roads in the county, and that it is always in good condition. Mr. Gex keeps up about two miles of road around and near his farm. The Maryville party took dinner with Mr. Gex and his family, and other members of the dinner party being Mr. and Mrs. R. B. Gex and Mr. and Mrs. Will Mountjoy.

Mr. Bernay Misses Train.

Mr. Bernay missed his train on returning from St. Joseph and cannot reach Maryville until Monday evening. Those desiring to see him may see him at his office Tuesday.

Miss Claudine Hughes, daughter of Mr. and Mrs. W. R. Hughes, living northwest of Maryville, is spending the week in Maryville with Mrs. M. H. Borrusch.

THAT TIRED FEELING TO ELECT TEACHERS

GENERAL APATHY HAS OVERTAKEN REPUBLICANS IN STATE.

CLEAR FIELD FOR SENATE

No Candidate on Republican Ticket For Upper House of Legislature—Who Candidates Are.

Apathy among Republicans throughout the state respecting the November election, due no doubt to the general feeling that the Taft-Roosevelt scrap has ruined all chance of a party victory at the polls, is reflected in the candidacies filed at Jefferson City for nominations in the August primary.

A number of important offices have gone begging so far as Republican candidates are concerned, while in other instances a candidate was provided at the last minute.

The Republicans have no one to put forward for judge of the Kansas City court of appeals. No Republican was found to make the race for the state senate in seven out of eighteen districts which will elect in November. Democratic candidates have a clear field in the first senatorial district.

On the other hand, the Democratic ticket of men who aspire to nominations for various state offices is unusually complete, with all important offices with one exception contested by two or more candidates.

Republican Ticket.

For governor—Arthur W. Brewster, Kansas City; John C. McKinley, Unionville; Arthur P. Murphy, Rolla; Leon W. Quick, St. Louis; John E. Swanger, Milan.

Supreme court, division No. 1—Henry W. Bond, St. Louis; Perry S. Rader, Jefferson City; Charles B. Stark, St. Louis; Thomas J. Delaney, Springfield.

Supreme court, division No. 2—Charles B. Faris, Caruthersville; Henry C. Timmonds, Kansas City; Robert F. Walker, St. Louis.

Kansas City court of appeals—Scott J. Miller, Chillicothe; John A. Rich, Lexington; Francis H. Trimble, Liberty.

Congress—C. F. Booher, Savannah; B. R. Martin, St. Joseph.

State senate, first district—Anderson Craig, Maryville; O. B. Hudson, Grant City.

Returned From Joplin.

E. G. Orear, J. H. Aley, S. O. Hutchinson and Hal T. Hooker returned Sunday morning from Joplin, where they had been attending the state lodge of U. C. T. Next year's meeting will be in Chillicothe.

TO ELECT TEACHERS

BOARD OF REGENTS MEET IN ST. JOSEPH TUESDAY.

TO HAVE FOUR BALL CLUBS

Great Interest Taken in Athletics—Enrollment of 443 and Expected to Reach 500.

The board of regents of the Normal school will meet at the Robidoux hotel in St. Joseph on Tuesday, this being their annual meeting. They will select teachers for the year, commencing on September 1. It is thought that not many changes will be made in the faculty.

The enrollment of the school to date is 443, nearly 100 more than was here last year. It is expected that the enrollment will nearly reach the 500 mark.

The school has been very successful during the past year.

Four inter-school base ball teams will be organized at the school this afternoon. Over forty young men responded to the call of organizing a base ball team Monday morning, and it is hoped that some good material will be developed. A tournament will be played between the four teams.

A social is to be given to the students of the school on Friday evening at President Taylor's home. The reception is to be given by the faculty, Miss Hetlie Anthony being chairman of the committee.

A CONVINCING SERMON.

Rev. Claude John Miller Preached an Interesting Sermon Last Evening—“Is There a God?”

A good sized audience turned out last evening and the auditorium of the First Christian church was well filled with an interested and attentive congregation, when the pastor, Rev. Claude John Miller, took for his subject “Is There a God?” The Rev. Mr. Miller said in part:

“The Psalmist said that the fool has said there is no God.

“It is the endeavor of the infidel to poison the minds of all with whom he comes in contact with his argument that there is no God.

“We will close the Bible for a few minutes and try and prove there is a God. I believe we can, although the Bible affirms beyond doubt there is a God.

“Let us deal with the atheist tonight—the man who says there is no God.

“The atheist says: ‘There is no God, because I cannot see, hear, handle or touch Him.’ This is his belief in substance.

“A man is made up of emotion and will.

“The atheist argues the mind came from dead matter. How can intelligence, reason, judgment, etc., come from the dead matter?

“The atheist has to explain to me when he says there is no God the origin of life.

“Can you explain to me the existence of this great universe of our without the existence of a God?

“The atheist accounts for our origin sometimes. He says our being came from the monkey or ape. He that makes this assertion is at liberty to do so, but I think all my hearers this evening would not care for the kinship.

“The tendency of all mankind without a Christian training is to retrograde.

“Science states its history as we find it in the book of Genesis.

“Atheism gives us nothing. It sends us to a worthless grave.

“You cannot get away from the existence of a personal God. Science teaches us this.

“You cannot get away from God. He is eternal. Go into the depths of the earth and he is there; to the bottom of the sea, he is there also. He is everywhere—always present.

“God wants us to know Him; to find Him. He wants us to come and talk to Him; to read our hearts to him; to trust in Him, and when our journey of life is ended here below we will go to dwell with Him in His kingdom among the redeemed, world without end.”

At the morning service Mrs. F. P. Robinson, always a favorite with her auditors, sang a solo entitled “Abide With Him.”

Before the sermon Mrs. Pearl Hutton Shrader of Spokane, Wash., who is visiting her brother, Mr. W. L. Hutton, of South Main street, sang a solo. Mrs. Shrader has a pleasing personality and a rich soprano voice.

GAVE HIM A SHOWER.

Cooper Gooden Received Many Post Cards on His Seventy-Second Birthday Sunday.

Cooper Gooden was 72 years old on Sunday, and his many friends gave him a post card shower. Mr. Gooden said that instead of being 72 years old he was 72 years young. He is a very active man and is enjoying good health. He asked The Democrat-Forum to publish the following statement, thanking his friends for the many kindly expressions received:

“To my many friends who remembered me with a post card shower on the seventy-second anniversary of my birth, June 9th, 1912, I wish to thank you with all my heart for the many kindly expressions. But few thoughts in life give me more pleasure than to know that my friends still survive the pale sheeted nation of the dead, and that I am not forgotten by them. We sometimes rise with the billow, sometimes we are caught in the trough of the sea of time, and perhaps too soon the tide will recede and leave us stranded upon the shores of forgetfulness.

“Permit me to wish that you all may live long and enjoy the fruits of your labor is the sincere wish of your friend.”

ENTIRE FAMILY WERE MURDERED

A dispatch from Villisca, Ia., today states that six persons were killed some time during the night Sunday. The persons murdered were Mr. and Mrs. Joseph Moore and two children and two women, who made their home there. The weapon used was an axe, and the dispatch said they were all killed in bed. The axe was still in the house, covered with blood. Moore was a hardware merchant of Villisca. No clues had been found up to Monday noon, but officers are busy working around Villisca and community, and are on the lookout for suspicious characters.

DEATHS AND BIRTHS REPORT.

Polk Township Had 12 Deaths and 14 Births During the Month of May.

During the month of May there were more births in Polk township than deaths, according to the report of Dr. F. R. Anthony, who is keeping the record for this township. There were 14 births and 12 deaths in the township. But Maryville had more deaths than births, there being 11 deaths in the city and only 9 births. Outside of Maryville and in the township there was 1 death and 5 births.

TO HOLD ELECTION.

Company F to Elect a Captain on Wednesday Night, as Captain Cook Resigned.

Lieut. Ezra Phipps received orders to have an election to fill the vacancy caused by the resignation of Capt. E. S. Cook, who resigned his commission as commander of Company F a few weeks ago. The election will be held on Wednesday night in the armory. Lieut. Paul Sisson was designated as officer in charge of the election.

Came to Baby's Christening.

Mrs. Paul Ream of Kansas City came to Maryville Saturday and is a guest for a few days at the home of her father, Joseph Jackson, Sr., and with other relatives. Mrs. Ream came to be present at the christening of her 6-months-old niece and namesake, Mary Helen Jackson, at the First Presbyterian church Sunday morning. The baby girl is the daughter of Mr. and Mrs. Joseph Jackson, Jr.

Sale at Omaha Was a Success.

The cattle sale of Bellows Bros. of this city and Rees & Son of Nebraska, held in Omaha last week, was a very good one, high prices being received. The Bellows Bros. also purchased three Shorthorn cattle at Saunders' sale at Manilla, Ia., last week.

Charles Kane has returned from the state university to spend the summer vacation with his parents, Mr. and Mrs. John Kane.

Famous Clairvoyant and Astrologer Here

Bernay of St. Louis is for One Week Only at 201 Fourth Street, Corner of Buchanan.

Prof. Bernay is the Clairvoyant who located J. W. Graham of St. Joseph, a young man, who had been missing two years. Mrs. Graham, the mother, consulted Mr. Bernay, who while in a clairvoyant condition stated that the man was an enlisted sailor on the Battleship Kearsarge and that he would be found there. Telegraphic inquiry confirmed the prediction.

Mr. Julius Daniel of Joplin is now a wealthy mine owner, but 2 years ago was working in a mine at \$3.00 a day in that city. By mere accident he met Mr. Bernay, who pointed out an opportunity to him. Mr. Daniel acted upon the advice with the result that, as he writes in a letter of thanks to Mr. Bernay, “It started me on the road to success and in ten months was worth \$18,000.00 to me.”

Miss F. D. of St. Joseph consulted with Bernay after circumstances had broken up a dear friendship between her and a prominent young professional man. In two weeks time through the clairvoyant's advice and help the trouble was settled and the friendship renewed with marriage as a near result.

John Emerson, a prosperous farmer living near Springfield, had buried his money in his backyard, having no faith in banks. He died on April 21, 1910, suddenly without having time to tell the family about this. When no money was found, a son consulted with Mr. Bernay and this resulted in the recovery of \$4,200.00 and valuable papers.

Without asking a single question of his caller, Bernay reveals every important event in his client's life even to the meaning of them in full, showing them how to attain the success they desire in business, investments, speculation, love, courtship, marriage, divorce, lost or absent friends, lawsuits, fortunes, money affairs, health, wills, deeds or anything they may be in doubt about and all be assured of the proper advice and help.

Mr. Bernay may be consulted daily (except Sunday) from 10 a. m. to 9 p. m. His charges for consultation are reduced for the first 3 days to 50 cents and \$1.00. Everything strictly confidential.

ANSWER IT HONESTLY.

Are the Statements of Maryville Citizens Not More Reliable Than Those of Other Strangers?

This is a vital question. It is fraught with interest to Maryville.

It permits of only one answer. It cannot be evaded or ignored. A Maryville citizen speaks here; Speaks for the welfare of Maryville. A citizen's statement is reliable. An utter stranger's doubtful. Home proof is the best proof.

T. A. Murray, 707 East Fourth street, Maryville, Mo., says: "Doan's Kidney Pills cured me of kidney complaint and there has been no recurrence of the trouble. I continue to endorse this remedy. My back and kidneys bothered me a long while, and finally I got a box of Doan's Kidney Pills from Love's drug store (now Love & Gaugh's drug store). They gave me great relief and I know they can be relied upon."

June Bride-to-Be Surprised.

Friday evening, when Mrs. Charles Gaugh "called over the fence" and asked her neighbor, Miss Georgia Custer, to come over to her house a minute, that same neighbor did not even dream that she would be immediately surrounded by all the neighbors of "Vinegar Hill," who had watched her love affairs and other youthful troubles from the time of her short frocks and pigtail braids. Mrs. Gaugh and her cosy home will long remain a pleasing picture to all who were there Friday night. After Miss Georgia had "calmed down" a little she was handed a bunch of very valuable information from each of the "has been" brides of Vinegar Hill. On a paper given her was pasted some advertisements, then a list of the things those old brides thought best for the new bride-to-be to order for her first day's housekeeping. If she follows all the good advice she received she will surely have smooth sailing down the

stream of matrimony. After this dominoes were enjoyed, but just as the game was "waxing warm" Mrs. Gaugh sent all the brides into the parlor, the one-to-be seated in the center of the circle they formed, and then she followed them in with a big clothes basket full of tin things, a shower for the honor guest. Much pleasure was derived from reading the loving wishes attached to each gift, and there were no two-pieces alike. And when Miss Georgia unwrapped a cake tin, only one bride had the courage to request her to send her a piece of the first cake she baked. Mrs. Gaugh served lovely refreshments and all went home in the rain, happy and laughing even, and wishing Miss Georgia all the happiness she is anticipating.

Gifts for Bride at Auction.

The miscellaneous bridal shower for Miss Georgia Custer Saturday night, given by Mrs. Frank L. Garrett at her home, 301 East Third street, had a novel feature, in that the guests were each given bags containing 100 beans each, which counted as so many dollars in purchasing gifts for the bride-to-be at auction. Miss Golda Airy acted as the auctioneer to perfection. After a most exciting time, in which the bidders forgot themselves and the amount to which each was limited in purchasing a gift for their friend, their bids running into the thousands and millions of dollars—the auction came to an end with every one of the bidders in debt for ages to come, and all they hope to have in the meantime mortgaged. But they don't care—their bride is well provided for, and it isn't the first time somebody has gone broke for a bride. Each package was undone by her and the many good messages in them read in their presence. This part of the evening was its close. The company had spent the greater part of the evening playing hearts, Miss Lena Nixon winning the prize. The hostess, assisted by Miss Jennie Garrett and Miss Anna Dooley, served a dainty two-course luncheon. On cutting the bride's cake, which contained several omens of good, Miss Della Gremis found the ring. Miss Stella Smith the button, Miss Jennie Garrett the needle and Miss Gertrude Condon the thimble. Those present were Miss Georgia Custer, Miss Lena Nixon, Miss Jessie Mutz, Miss Lella Bonewitz, Miss Nelle Hudson, Miss Grace Langan, Miss Gertrude Condon, Miss Della Gremis, Miss Stella Smith, Miss Golda Airy, Miss Anna Dooley, Miss Eva Duncan, Miss Carrie Hopkins, Miss Jennie Garrett, Miss Nora Ritze.

OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed.

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost everyone knows the value of such a combination for keeping the hair a good even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a Hair Tonic of this kind was to make it in the home, which was troublesome and not always satisfactory. Nowadays, almost any up-to-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for scalp troubles and thin, weak hair that is losing its color or coming out. After using this remedy for a few days, you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair.

Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and see what a few days' treatment will do for you. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

THREE VOLCANOES ARE IN ERUPTION

Cook Inlet Country, in Alaska Covered With Ashes.

WERE REGARDED AS EXTINCT

All Wireless Communication Disturbed by Electrical Conditions—Hot Ashes Carried 700 Miles.

Reward, Alaska, June 10.—Three slumbering volcanoes in the Aleutian mountain range of Alaska suddenly have come to life, and are throwing out great quantities of smoke and hot ashes. The awakened peaks are Ilimna and Redoubt, in the Cook Inlet country, and Katmai, which overlooks Shelikof strait. It is likely that Bogoslof, Shishaldin and Pavloff which are active volcanoes, and much farther west, are also spouting flames.

The mail steamship Dora, plying to points along the Alaska Peninsula and Kodiak Island, reported that Mount Katmai's outbreak is terrible in its violence. Deafening explosions occur at short intervals, and the surrounding country is covered with three or four feet of ashes.

Katmai has always been regarded as extinct. The natives have no tradition of any former activity of the mountain.

Wireless Not Working.

The wireless station at Kodiak is out of commission, as is also the Dora's equipment, and in fact all the wireless instruments in Alaska, because of electric conditions in the atmosphere.

Mount Ilimna is more than 12,000 feet high and the red sky above its blazing crater is visible seaward for 100 miles distant.

The efforts of the mountains to clear the debris from their clogged craters caused convulsions which were recorded in Washington, D. C., and very plainly in Seattle.

Revenue Cutters to Go.

Seattle, Wash., June 10.—The cable dispatches report St. Augustine, as well as Ilimna and Redoubt, volcanoes, are in eruption on the west shore of Cook Inlet, Alaska. Revenue cutters will be asked to go to the relief of the people in the volcano districts.

Ashes 700 Miles Away.

Sitka, Alaska, June 10.—Ashes from the Aleutian range volcanoes began to fall here and the sunshine was discolored through the clouds. Sitka is 700 miles from the volcanoes.

The volcanic disturbance is the most violent ever recorded in Alaska. It is estimated that an area of 300 square miles, much of it fertile territory, has been covered to a depth of several inches by the volcanic ash.

CASE AGAINST DARROW IS WEAK

Prosecutor Not Confident of Conviction—Will Push Other Charges.

Los Angeles, Cal., June 10.—Obviously annoyed by the course of events in the trial of Clarence S. Darrow for alleged jury bribery in the McNamara case, John D. Fredericks, district attorney, let fall a hint during the afternoon that the state was not now so confident of conviction in the present case. He made a statement to the effect that if a verdict of guilty was not obtained in this trial the prosecution would be continued on further charges.

The district attorney has made no secret of his dissatisfaction with the manner in which the present trial has been progressing. He intimated in open court that the defense was being given more latitude in its conduct of the case than was provided for by the rules of evidence.

KANSAS NEEDS 25,000 WORKERS

This Number Wanted From Other States to Take Care of Immense Wheat Crop.

Topeka, June 10.—Kansas can use more than 25,000 men and teams to help in its harvest. This is the number that will have to be imported from other states to help Kansas take care of its 90,000,000-bushel crop, according to Charles Harris, director of the state free employment bureau.

The harvest will begin in southern Kansas about June 20, and will continue a month and then the threshing season will open and the men will be kept busy in Kansas for about four months.

Injured After Saving Seven.

Chicago, June 10.—Patrolman Nicholas Gales and Fred Schreck were injured severely in jumping from the second floor of a burning building on the West Side after they had risked their lives in rescuing Mary Boradi, 71 years old, and six children.

May be Another Contest?

Decatur, Ala., June 10.—Progressive Republicans of the eighth Alabama congressional district held a convention here and gave "ironclad" instructions for Roosevelt to delegates at the Chicago national convention.

GIRLS HELP STREET CAR MEN

STUDENTS IN SYMPATHY WITH BOSTON STRIKERS.

Violence in But Few Places—Eighty Per Cent of Men Are Out—Officials Man Cars.

Boston, June 10.—Wellesley college students to the number of 100 young women agreed not to ride on the elevated railway cars when they visit Boston and the money thus saved will be given to the strike fund. The girls will wear a button bearing the words, "Brothers All," "Hands Across the Tracks" and "We Walk to Help Organize the Car Men."

The day was one of comparative quiet in the Boston Elevated railway strike situation and the company attempted to keep up an all-night service.

Some minor acts of violence in various sections were reported during the night. In South Boston, a gang took a motorman and conductor from a car and handled them roughly. In Roxbury rocks were thrown at an elevated train and windows smashed, but no one was injured. Usually two officers were to be found on all cars running either on the surface, underground or the elevated structure.

Union officials busied themselves during the day in perfecting their organization and making plans for a continuance of the strike. William D. Mahon, international president of the Amalgamated Association of Street Railway Employees; National Organizer Fred Fay and other union officers, made a tour of the city and addressed meetings of strikers in various divisions.

The men were urged to remain loyal, use persuasion and not to resort to force or lawlessness.

Eighty per cent of the elevated company's employees have gone out. Cars are being run by division superintendents, starters, car barn bosses and strike breakers.

MOTORISTS MUST PAY DAMAGES

Kansas Supreme Court Allows "Smart Money in Addition Because of Carelessness."

Topeka, June 10.—Careless motor drivers in Kansas who run over pedestrians are liable for "smart" money as well as for actual damages, under the rule of law as laid down by the supreme court.

Margaret Williams was run over by a car driven by Peter Benson at Concordia at the county fair in the fall of 1909.

She brought suit against Benson and recovered judgment for \$3,000 in actual damages and \$250 in punitive damages. Benson appealed on the ground that there is no basis for the award of punitive damages.

The supreme court holds that the accident was due to the fact that Benson was watching the races instead of where he was driving and says: "The findings and evidence show such gross negligence on the part of the defendant as in our opinion sustains the allowance of 'smart' money."

MUST STOP SHIPPING LIQUOR

Midland Valley Enjoined From Carrying Suspicious Baggage Into Oklahoma.

Muskogee, Ok., June 10.—An injunction was obtained by county officials against the Midland Valley railroad enjoining it from carrying liquor into this county.

The complaint alleges a conspiracy on the part of the railroad to bring in liquor contrary to law and the restraining order prohibits the use of trains, tracks, depots, cars, sheds or any other property of the road for storing or transporting liquor. It also restrains the railroad company from accepting for shipment baggage, grips, suitcases, bags or sacks or any other receptacle that might contain liquor. The Midland Valley runs out of Fort Smith, Ark., the principal liquor supply point for eastern Oklahoma.

BOYS TOOK A \$1,000 JOY RIDE

Two Topeka Youths Must Pay That Amount for Damage to "Borrowed" Machine.

Topeka, June 10.—Phillip Billard and A. C. Longren, Topeka boys, must pay Lee Monroe \$1,000 for the damage done his motor car in a joy ride they took in the machine without the owner's permission, according to the decision of the supreme court. The decision affirms the verdict of the Shawnee county district court. Billard appealed from the lower court, but the supreme court held that, although Billard was not driving the car, he was accessory with the others in the damage done to the Monroe car.

Dynamite Up in Kites.

Guthrie, Ok., June 10.—Charles Phillips, a telephone man of Guymon, will experiment with dynamite to make it rain in that section. He will use box kites to carry the dynamite into the clouds that he desires to break up, using several kites, each with explosives attached.

Two French Airmen Killed.

Mourmelon, France, June 10.—Kimmerling, one of the best known aviators, and an engineer, Tonnel, who was flying with him as a passenger, were instantly killed by a fall of 300 feet. Kimmerling was trying out a new monoplane.

WARSHIPS GO TO HAVANA

Admiral Osterhaus, With Two Cruisers Left Under Hurry Orders.

RACE WAR THREATENED IN CITY

Minister Beaupre Sent Alarming Cablegram—Riot, Subdued by Rain, Caused General Alarm.

Washington, June 10.—Admiral Hugo Osterhaus, commander-in-chief of the Atlantic fleet, has been ordered to Havana with the armored cruiser Washington and one other warship. He will proceed immediately from Key West with both vessels.

Orders for the dispatch of these two vessels to Havana were given by the navy department in response to a request from the secretary of state following the receipt of an alarming cablegram from Minister Beaupre at Havana. This is because the situation at Havana and its suburbs has been growing rapidly worse and has now assumed the character of a race war.

Gave Rush Sailing Orders.

As soon as the dispatch was received the state department got into touch with the navy department, with the result that Secretary Meyer, who was asked by the secretary of state to send two warships to Havana, directed Admiral Vreeland, aid for operations, to have these vessels sent forthwith. Admiral Vreeland said that the department had sent dispatches to Admiral Osterhaus at Key West, directing him to go in person with the armored cruiser Washington and another vessel, he to make the selection of the accompanying vessel.

Rain Prevented Rioting.

Havana, June 10.—A deluge of rain, which began in the morning and threatened to continue all night, relieved the city of Havana of the dreaded peril of an uprising of the whites against the negroes. The streets of the capital late in the evening were deserted save for patrols of mounted rurales, regular infantry, the police and home guards.

The riot while extending to all parts of the city and causing general excitement and alarm, resulted in few casualties. One white onlooker was fatally wounded and several negroes were injured. The disturbance lasted only a short time, but was considered serious as indicative of the bitter animosity of whites towards the negroes, which has been largely fomented by reports of attacks upon white women.

HALF A MILLION IN THIS WILL

Kansas's Estate Divided Between Four Daughters and Two Sons—\$12,000 to Charity.

Emporia, Kan., June 10.—The will of the late L. W. Lewis disposing of property whose estimated valuation is \$500,000 was filed in the Lyon county probate court. Much of the property is in real estate and crusher equipment. The estate is divided among the four daughters and two sons of Mr. Lewis, with the exception of \$12,500, which is given to charity. Of this amount the College of Emporia receives \$6,500, which is held on a mortgage note.

The entire contracting business is given to the two sons, L. H. Lewis and W. J. Lewis. That includes the crusher plants located near Florence and Augusta, Kan., at Uncas, Ok., and at Vaughn and Bluewater, N. M. It also covers all pending contract business.

IOLA HAS REAL PURITAN SUNDAY

Tobacco Sales in Any Form Prohibited and Doctors Refused to Prescribe the Weed.

Iola, Kan., June 10.—A tight "lid" on the sales of tobacco in any form caused suffering among the inveterate users of that article here. Physicians were besieged to furnish prescriptions calling for a limited amount of tobacco. Fearing an infraction of the law, the doctors declined to serve patients with the tabooed article. Though public warning was given that all tobacco stores would be closed, many neglected to buy cigars or plug. The dealers will retaliate by asking warrants for ice cream men and druggists.

Hamel Wins Aerial Derby.

London, June 10.—Because the judges declared he cut the corners, Thomas Sopwith, first aviator in the aerial derby over London, was disqualified and George Hamel, who came in second, was declared winner of the gold cup. The race covered an 81-mile course over the city's limits, and there were seven entrants.

Alton Train Wrecked.

Bloomington, Ill., June 10.—The mail and baggage cars, smoker and one coach of the Chicago & Alton limited, southbound, went in the ditch seven miles south of Bloomington and, although the train was going 40 miles an hour and the cars landed on their sides, there were no deaths and no severe injuries.

CLEARED UP A KANSAS MURDER

Fleener and Bundy Convicted of Killing John Woodruff Near Erie.

PROSECUTOR REFUSED TO ACT

Arrests Made at Order of Attorney General Dawson, Over Protest of County Attorney Smith.

Erie, Kan., June 10.—The mystery of the killing of John Woodruff, a young farmer who lived near Savonburg, was solved by a jury in the Neosho county district court here about midnight when the jurors returned verdicts of guilty against Charles Fleener and George Bundy. They were arrested two weeks ago over the protest of County Attorney Smith and by order of Attorney General John S. Dawson, and charged with the crime.

Bundy was found guilty of manslaughter in the first degree and Fleener in the fourth degree.

John Woodruff was killed Sunday, September 17, 1911. Late in the afternoon, Bundy, Fleener and Woodruff started to drive to a creek near Savonburg. Bundy and Fleener were driving ahead and Woodruff was following in his spring wagon.

Told Story of Suicide.

According to the story told by Bundy and Fleener, they heard two pistol shots and looked back to see Woodruff writhing upon the roadside and crying out that he had shot himself.

Instead of notifying someone of the shooting, however, they took the injured man on down to the creek and laid him among some tall weeds by the bridge. They remained there with him until a farmer, passing over the bridge and observing Woodruff's wounds and pallid face, warned Bundy and Fleener of the victim's dangerous condition. The men then hastened the wounded man to his home, but he died before he could be taken into the house.

The coroner's jury returned a verdict exonerating Bundy and Fleener upon their statement as to how the shooting occurred.

Parents Kept up Search.

Cornelius Woodruff, the father, employed an attorney and for six months detectives conducted a quiet inquiry. Then they demanded that County Attorney Smith issue warrants for the accused men. Smith declined, saying he was satisfied that the death was suicide.

Then Oyler went to Topeka and submitted his evidence to Attorney General Dawson, who recommended to Gov. Stubbs that action against the two be commenced at once.

PRISON FOOD CAUSED PROTEST

Demonstration by 1,200 Men at San Quentin Startled Warden and Guards.

San Quentin, Cal., June 10.—A demonstration which was interpreted as a protest against prison food, occurred in the general mess hall of San Quentin penitentiary at noon. The state prison board, which has been in session for two days, was startled by the sudden shrieks and howls of 1,200 convicts, who braved the wrath of their guards to make the place a bedlam for 15 minutes.

A continuation of the "grub strike" demonstration developed into a riot in the general mess hall as a result of which one prisoner was shot and killed and two were wounded.

Warden Hoyle attributed the mess hall disturbance to about a dozen of the unruly element among the prisoners.

As must have been known to the prisoners, one of the tasks on which the prison board is now engaged is the letting of contracts for prison supplies for the year.

What a Paper Said About M. E. Ford.

The following is an article taken from the Rock Port Journal about Attorney M. E. Ford of Maryville:

Among other out-of-town visitors at circuit court this week has been Hon. M. E. Ford of Maryville, one of the ablest members of the Nodaway county bar. He was here representing some mercantile firm in a suit against J. E. Bilby. Mr. Ford was one of the attorneys in the celebrated Rasco murder case, and took a leading part in the prosecution, both in the circuit and supreme courts. Judge Ellison says his speech before the jury in that trial was one of the most effective and eloquent specimens of forensic oratory that he ever heard. This was the speech which, at its close, provoked a storm of applause from the entire audience, calling for a prompt and vigorous checking on the part of the presiding judge. Mr. Ford came Tuesday morning for the case in which he is interested.

A marriage license was issued Friday evening to Mark M. McNulty and Miss Nina Eugenia Toel of Conception Junction. Miss Toel is a daughter of Mr. and Mrs. Henry Toel of the Junction.

THE ARGUS publishes this week a cartoon which tells better than words the official record of State Auditor John P. Gordon, who is a candidate for renomination by the Democrats. Gordon led the fight against Governor Hadley's motion before the State Board of Equalization to assess farm lands at their cash value, an increase over the present assessment of nearly treble. For this act he saved to the taxpayers of Missouri many hundreds of thousands of dollars. He has saved to the taxpayers more than half a million dollars by refusing to pay padded and illegal accounts. He has been a true and loyal servant to all the people of the State, and has protected their interests at all times. He has attended strictly to the business of the office every day since he took charge, and gives his personal attention to every matter presented. Hadley and his pie brigade hate him but the Democrats love and admire him.—The Clayton Argus.
